

SWOT - THUMBS UP/THUMBS DOWN/SUGGESTION FORM - AARSC

The Ajax Adult Recreational Soccer Club strives to provide a rewarding, fair, and fun-filled recreational soccer experience for everyone. Your thumbs up/thumbs down/suggestion(s) to improve the quality of the SWOT programming are encouraged. If feasible, every effort to implement your suggestions will be pursued. In addition, your thumbs down comments regarding the behaviour and judgment of individuals present during games will receive careful consideration. Your thumbs up comments will be warmly accepted, as a good “pat on the back” is often hard to come by these days! By providing your comments, with how you intend to help work towards a solution, we hope to provide everyone involved with the enjoyable soccer experience they deserve.
